

MLQA 2012 PROGRAMME (SATURDAY 8TH SEPTEMBER)

<http://workshops.inf.ed.ac.uk/mlqa2012>

— ◇ —

All talks take place in room 4.31/4.33 of the Informatics Forum
10 Crichton Street, Edinburgh, EH8 9AB.

09:30–09:45 **Opening**

09:45–10:30 Pedro D'Argenio — Security analysis in probabilistic distributed protocols via bounded reachability

10:30–11:00 **Coffee break**

11:00–11:45 Andrea Marin — Compositional model specifications and analyses via product-forms

11:45–12:30 Mirco Tribastone — Exact aggregation for fluid process algebra models

12:30–14:00 **Lunch and poster session**

14:00–14:45 Jaco van de Pol — Symbolic manipulation of Markov automata

14:45–15:05 Vashti Galpin — Stochastic hybrid modelling with composition of flows

15:05–15:25 Saray Shai — Coupled adaptive complex networks

15:25–15:45 Chris Banks — A logic for behaviour in context

15:45–16:15 **Coffee break**

16:15–17:00 **MLQA Business Meeting**
